

# The EPIC Cup, Jr Edition

## Tournament Rules, 2022

Special rules and notes for The EPIC Cup, Jr Edition:

- 5v5 with build out lines
- Kick-ins instead of throw ins
- No heading
- Only obvious or blatant offside should be called
- Games end at 00:24 and 00:54, regardless of when they kick off (please try hard to start on time)
- No added time or stoppage time
- Please help us out and record your own scores after your games
- In the event of a tie in a Semifinal or Final, the team that scored first will have one goal added to their total and be declared the winner. There is no overtime and no shootouts for the Jr Edition.
- No coin toss or halftime, but if there is a significant advantage to going one direction (like strong wind), teams can switch directions halfway through.
- Every team's last game is their "Final" so every team finishes as either a Champion or Finalist and gets a medal.
- If there's no ref for your field, please step in and help to keep the games going. We'll even pay you.

Please see The EPIC Cup Tournament Rules for any other general rules for the tournament.
